HOUSTON ELECTRIC STREET RAILWAY COMPANY. The First National Bank of Boston, 17 Court St., Boston, Mass, informed us as follows on July 30, 1940:

"We are in receipt of your letter of July 26, 1940, relative to a $500 6% Income Bond of Houston Electric Street Railway Company dated Jan. 1, 1898, and due 1917.

In reply advise that the old records of the International Trust Compay now available do not indicate that they ever acted as Trustee for the aforesaid issue. A copy of a Plan of Reorganization of said Street Railway Company formulated in 1900 indicates that there were at the time $775,000 of said Income Bonds outstanding against which amount the Plan reads as follows:

"(d) Income bonds of Houston Electric Street Railway Company issued and outstanding to the amount of........................$775,000
Such bonds are not secured by any lien upon the franchises and railway properties of Houston Electric Street Railway Company."

The said Plan provided that the only right which the income bondholders had was to receive 10% of the face value of their then present income bond holdings in new First Mortgage Bonds of the reorganized Company (Houston Electric Company) against payment of par for said new bonds and that such purchase of bonds was also to carry with it common stock at a face value of 50% of the amount of bonds so purchased, the reference in said Plan reading as follows:

"(d) Income Bonds Houston Electric Street Railway Company $775,000.

"The holders of such income bonds will have the right to purchase, of the association mentioned below, bonds of the new Company, at the face value thereof, to the amount of ten per cent. of the face value of their present holdings of such income bonds. Such purchase of bonds of the new Company will carry with it common stock of the

First National Bank, Boston, Mass. (cont.)

new Company to the amount of fifty per cent. of such purchase $116,250

Any rights to make such exchange must have expired many years ago and the income bond to which you refer is without value.

The Houston Electric Company was again reorganized under Section 77B of the Federal laws in 1935 and as no reference was made to the old income bonds of Houston Electric Street Railway Company in the latter reorganization it is apparent that said bonds had become worthless prior to that reorganization."

INDIAN HILL HYDRAULIC MINING CO. The First Mortgage 10-Year 6% Bonds dated Sept, 1, 1911, due Sept. 1, 1921, with Mar. 1, 1912, and subsequent coupons attached have a decree value of $85 for each $500 unstamped bond, payable at the First National Bank of Boston, Mass.

LACONIA CAR COMPANY. The contention of the holders of unstamped preferred stock was that they were entitled to receive the accumulations of $70 a share on their stock before other stockholders received anything. The court decided against this contention, but the basis of their decision was that the preferred stockholders who did not waive the accumulations of $70 a share will have their shares valued for the purpose of receiving liquidating dividends at approximately $191 ($100 par plus $70 dividends not waived, plus $21 additional accrued dividends to July 1, 1931). While stockholders who waived their right to the $70 back dividends accumulated to Jan. 1, 1924, will have their stock valued on the basis of $121 a share $100 a share, plus $21 additional accrued dividend to July 1, 1931). As the liquidation was not completed by July 1, 1931, there was added to the valuation of both stamped and unstamped preferred stock the amount of dividends accumulated from July 1, 1931, to the date of final liquidation. There were outstanding 311 shares of preferred stock on which dividends were not waived and 6,990 shares on which accoumulated dividends were waived. The directors voted a fourth payment of $4.00 per share to preferred stockholders as a further partial distribution in liquidation. Three previous payments in liquidation aggregating $30 per share had already been made. There was a further payment of $19.50 per preferred share. We believe that unstamped stock may be sent to the First National Bank of Boston for collection.

Stockholders Will Get $525 a Share, Nichols Says

Special to The New York Times.

CHICAGO, Oct. 14 — Stockholders of the First National Bank of Englewood met today and voted formal approval of the liquidation program announced recently by John M. Nichols, president.

First Peoples Trust. The Boston Better Business Bureau informed us as follows on Oct. 7, 1941: "Sale of stock of the First People's Trust was promoted a number of years ago by H. V. Greene Company; a brokerage concern now out of business. The First People's Trust was organized as a Massachusetts trust in 1919 and since there has been no public offering of its shares for a number of years, this Bureau has not undertaken to develop a report on its activities. In March, 1937, one of the trustees of the trust advised us that there was no value to the organization's shares and in event of immediate liquidation there would be no distribution to shareholders. We suggest that you contact the President of the trust, William H. Hitchcock, 73 Tremont Street, Boston, for current information."

Florida East Coast Railway Co. Press report dated Oct. 24, 1940: Reorganization Plan for Road Presented. Trade of Securities Is Proposed for the Florida East Coast. Jacksonville, Fla., Oct. 24 (A.P.)—A plan of reorganization for the Florida East Coast Railway Company calling for an exchange of securities was presented today in Federal Court here. The plan was explained by Arthur M. Anderson, vice president of J. P. Morgan & Co., and chairman of the deposit committee of First and Refunding 5% Mortgage Bonds, who said 49.7% of such bonds were represented by the committee. Holders of the $12,000,000 issue of 4½% First Mortgage Bonds would receive under the plan an equal principal amount of new First Mortgage Bonds bearing 3¾% at the start, but to increase to 4% if for two consecutive years income available for fixed charges of the new company amounted to $1,250,000 or more. Holders of the present refunding issue of 5% bonds would exchange their securities for 4½% income bonds and 450,000 shares of no-par capital stock on the basis of $200 in bonds of the new issue and ten shares of stock for each $1,000 refunding bond. Unsecured indebtedness and capital stock of the company would be eliminated.

Founders Securities Trust. Daniel Needham, Receiver, 75 Federal St., Boston, Mass., informed us that the Trust was liquidated about Jan. 1, 1935. The Founders Shares have enjoyed no market since Oct., 1929, and the holders of such stock will probably receive no equity in the liquidation as the pfd. stock will apparently not be paid in full. Franklin County, Columbus, Ohio, Clerk of Courts. Confirmed the following in Jan., 1942:

COLUMBUS, DELAWARE & MARION RAILWAY COMPANY. First Consolidated Mortgage Bonds due 1944. The Bankers Trust Company of New York City informed us as follows on Feb. 17, 1941: "Referring further to your letter of Jan. 14, our counsel have obtained for us a copy of an order entered Dec. 6, 1921, in foreclosure proceedings involving the above mortgage, which makes it clear that the Clerk of the Courts of Franklin Co., Ohio, Columbus, Ohio, should be prepared to make a distribution on the undeposited bonds at the rate of $153.89 on each $1,000 bond. Our local counsel in Columbus advised that their information is to the effect that the Clerk still has $848.36 subject to court order to be paid out in accordance with the order. The terms of the order would seem to confirm our previous advice to you that a distribution of approximately 15% of the principal was ordered paid."

COLUMBUS, DELAWARE & MARION RAILWAY COMPANY. Value of First Consolidated 5% Mortgage Bonds due Aug. 1, 1944. The Clerk of Courts, Franklin, Co., Columbus, Ohio, informed us as follows on Jan. 24, 1941: "In answer to your letter of Jan. 21, inst., there seems to have been some difficulty in gathering the information that you desire, but we have found that there has been some distribution made on the bonds of the old Columbus, Delaware & Marion Railway Company, Case No. 57412, in the amount of $76.94 on each $500 bond. If you will send the bonds to us through your banking connections here or mail them direct to us by registered mail we will have the court approve the distributions and mail to you a check due you on the bonds."

Gardner Motor Company, Inc. The Rutger Street Warehouse, Inc., located at St. Louis, Mo., informed us that a number of liquidating dividend checks were returned due to the fact that the stockholders could not be located. The remaining assets were transferred to the Rutger Street Warehouse, Inc., and the old stockholders received for each share 1/300,000 interest in the Rutger Company. The right, according to the company, expired on Dec. 1, 1935, and all stockholders who have not transferred their stock by that time will be forever barred from sharing in the remaining assets.

General Colors Company. Incorporated under the laws of the State of New York on May 25, 1905, and was located in Manhattan. The corporation was dissolved by Proclamation of the Governor published Mar. 13, 1926. Pres., Joseph C. Baldwin; Secy., DeWitt C. Jones, Jr. We received the following letter from Ernest M. Picker, Treas. of the American Dyewood Company, 22 E. 40th St., New York City, dated April 17, 1939. "We are in receipt of your letter of the 15th inst. in connection with the stock of the General Colors Co. We note that your client is the owner of 2,250 shares of Preferred and 1,228 shares of Common stock of that company which was issued to the Point Loma Chemical Co. In reply to the query in the second paragraph of your letter, we would advise you that the process to which you refer is still the property, as far as the writer knows, of the General Colors Co. As to the great value of this process, it should be noted that after two or three years of research and experimentation the process was abandoned. As to the liquidation of the General Colors Co., no legal steps have been taken. It has been difficult to locate the owners of stock in that company, and we would appreciate your furnishing us with the name and address of your client holding the above mentioned shares of stock so that we may communicate with him in the future in connection with any steps which may be taken to liquidate the General Colors Company."

Gerbereux Company (The). The Gerbereux Company assumed its present name on April 24, 1909, and is located at Yonkers, N. Y. The company informed us on July 16, 1940, that their company is engaged in the real estate business. The shares have not sold for a number of years and pay no dividend. The operations of the company for the past three years have resulted in a net loss of $2,500 to $3,000 annually. Any cash available has been used in the reduction of an accumulation of arrears which was built up during the depression years. The balance sheet of the company for the year ending April 30, 1940, shows total assets of $497,608.24. Of this amount real estate assets consist of $260,379.11 which represents book value less mortgages. The assessed value of these properties amount to $436,850 while the mortgages amount to $316,719.23, or 72%. Other assets consist of $12,467.20 against which there are liabilities of $13,169.23. In view of the fact that the company's operations have resulted in a loss for the past three years, and has never paid a dividend, and because of the high percentage of mortgages to the assessed value of the property, we do not believe the capital stock has any present value.

Granleigh, Inc. (N. Y.). Mr. Irving Zion, located at 120 Broadway, New York City, informed us on Oct. 13, 1939, that this company built a building in New York City which was to be used as a private hospital. There were about $400,000 of First Mortgage Bonds, and Second Mortgage Bonds were issued to complete the building. The hospital was never operated and finally the property was sold for the benefit of bondholders, the Second Mortgage Bondholders received about 15%, leaving no equity for the 6% Income Bonds due 1934, which are without value.

Great Northern Bond & Share Company, Inc. Incorporated in New York in 1924 as the Great Northern Bond & Mortgage Co., Inc. In 1925 or 1926 the name was changed to its present title. The Securities and Exchange Commission, 120 Broadway, New York City, informed us as follows on Dec. 5, 1940: "In reply to your inquiry of Nov. 25, 1940, regarding Great Northern Bond & Share Company, Inc., I find that Carlton R. McCarthy, the president of this company, is also president of C. R. McCarthy & Company, Inc., 42 Broadway, New York City, and in addition he is said to be an officer of the Anchor Post Fence Company. C. R. McCarthy & Company, Inc., is registered with this Commission as broker-dealers. Records in this office of the Commission reveal no detailed information pertaining to securities of Great Northern Bond & Share Company, Inc. However, according to Mr. McCarthy when recently interviewed by a representative of this Commission, this company was incorporated in 1924 in New York under the name of Great Northern Bond & Mortgage Co., Inc., and in 1925 or 1926 the name was changed to its present title. Mr. McCarthy stated that the company had issued about 100,000 shares of its preferred stock, and 3,800 shares of its common stock about sixteen years ago, and has sold none of its own securities since that time. Mr. McCarthy also stated that the Company has been inactive since 1937 and its affairs are now in liquidation. Great Northern Bond & Share Company, Inc., was registered with this Commission as a broker-dealer from Jan. 1, 1936 until May 6, 1940, when its registration was withdrawn. According to information supplied by the corporation in connection with its registration, the following persons were listed as officers and directors:

Carlton R. McCarthy, Pres. & Dir., residence, Rose Ave., Patchogue, N. Y.; business, 42 Broadway, New York, N. Y.

Vol.

Bertram B. Tate, Treas. & Dir., residence, Babylon, N. Y.; business, 42 Broadway, New York City. Frank J. Williams, Asst. Treas. & Dir., residence, 17 Coleman Ter., Tenafly, N. J.; business, 42 Broadway, New York City. Nathan N. Tiffany, Dir., residence and business, East Hampton, N. Y. Edward P. Betzig, Dir., residence, Edgewood Pl., Scarsdale, N. Y.; business, 423 E. 143rd St., New York City.

Most of the above named individuals were also associated, as officers or directors, with various other registered broker-dealers, which included Great Northern Investing Company, Inc., and MacTate Corporation. The broker-dealer registrations of the latter corporations were withdrawn on Mar. 28, 1940 and Aug. 1, 1939, respectively. On July 3, 1940, a permanent injunction was signed in New York County on application of the New York Attorney General, restraining the Great Northern Investing Company, Inc., MacTate Corporation, William B. Tate and Frank J. Williams from doing a securities business within New York State. Apparently, Carlton R. McCarthy was not individually enjoined. Should you desire further information concerning the parties named herein, you might communicate with the Bureau of Securities of the Office of the New York State Attorney General, 80 Centre St., New York, N. Y. In addition, copies of registration statements filed by broker-dealers with this Commission may be examined at this office, Room 2006, 120 Broadway, New York City."

Greenlawn Cemetery, Bernardsville, N. J. Press report: Operation of an alleged nation-wide swindle in cemetery lots came to light yesterday with the arraignment here of Albert J. Van Scoyoc, 50, of Troy Hills, N. J. Charged with mail fraud, Van Scoyoc waived examination. U. S. Commissioner Garrett W. Cotter ordered him held in $20,000 bail for action by the Grand Jury. The two leaders of the alleged ring, Sidney Gottlieb, alias George Arlen, and Leon Sarshaik, are now fugitives, Assistant U. S. Attorney John Burling, declared. They jumped bail totaling $25,000 after their arrest in the cities of Bangor, Me., and Chicago, he said. According to Burling, the band peddled lots in Greenlawn Cemetery, Bernardsville, N. J., which was organized in 1929 with 130 acres divided into 25,000 lots. The corporation, with offices in Newark, is bankrupt. Burling charged—only 40 bodies had been interred there up to a year ago. In Jan., 1940, Gottlieb and an associate allegedly obtained deeds to some of the 150 lots in Van Scoyoc's name. Then, it is charged, they obtained a list of Associated Gas & Electric Co. bondholders, and persuaded a number of them —mostly women—to exchange their certificates for cemetery lot deeds.

Guaranty Mortgage & Securities Corporation. Mr. Theodore von Rosenvinge, an attorney, located at 60 State St., Boston, Mass., informed us on June 11, 1940, that the Guaranty Mortgage & Securities Corporation appears to have creditors in excess of its assets. This naturally would leave nothing for the stockholders. There remains at the present time some lots of vacant land to be disposed of before the affairs of the company can be liquidated and closed up.

The Irving Trust Company, New York City, informed us on Nov. 12, 1937, that no interest had been paid on the General & Refunding Mortgage 5% Bonds due 1944 after Jan. 1, 1921. The Trust Company holds a small balance on their books to pay any outstanding coupons of Series Nos. 2-14. All the property was sold by the receiver at public auction in 1930. From the proceeds derived from the sale, after paying costs, taxes, preferred labor and material claims, there remained a sufficient amount to pay 50c on the $1.00 to the holders of the First Mortgage Bonds. The General & Refunding Mortgage Bonds, being subordinate to the lien of the First Mortgage Bonds, realized nothing. First Mortgage 6% Bonds with July 1, 1930, and subsequent coupons attached, have a decree value of $567.72 per $1,000 bond. Collect on unstamped bonds from the Guardian Trust Company, Cleveland, Ohio. Funds for this payment were impounded and will be paid to the extent available through the liquidation of the bank.

HYDRAULIC STEEL COMPANY. This company was incorporated in Ohio in 1919 to take over the business of the Hydraulic Pressed Steel Co., and its subsidiaries, the Cleveland Welding and Mfg. Co., Hydraulic Steelcraft Company and the Canton Sheet Steel Co. The plant at Canton, Ohio, was sold as of May 29, 1922, to the United Alloy Steel Corp. The plant of the Cleveland Welding & Mfg. Co. was sold June 19, 1926, to the Cleveland Welding Co. Company's property aggregated 13 acres in Cleveland, Ohio, of which 10 acres were built on. In Oct., 1923, the company defaulted in the indenture provisions of the 8% Notes of 1930 and subsequently on Oct. 26, 1923, upon application of officials of the company Federal Judge D. C. Westenhaver at Cleveland appointed T. P. Goodbody, vice president, receiver of the company. A reorganization committee, consisting of Walter C. Janney, Chairman, and S. G. Duncan of 113 S. 4th St., Phila., Pa., as Secretary, and Dustin McKeehan, Merrick, Arter & Stewart, Cleveland, counsel. Creditors have been requested to deposit their claims with the Cleveland Trust Co., preferred stockholders with Guardian Trust Co., of Cleveland. Guardian Trust Co. of New Jersey. Value of Certificate of Participation. Incorporated in Aug., 1926, and consolidated with the New Jersey National Bank & Trust Co. on Sept. 27, 1928. Stockholders received for each share of stock held one and 3/5ths share of stock of the New Jersey National and one share (represented by trustee's certificate) out of 50,000 shares (represented by trustee's certificates) in a trust fund containing net assets of approximately $7,300,000. The trust fund represented income producing assets including the capital stock of Guardian Securities Corp. Mr. Samuel F. Leber, Trustee, located at 60 Park Place, Newark, N. J., informed us that he cannot give us the value of these certificates. J. S. Rippel & Co. of Newark, N. J., informed us that the certificates have very little value and have sold for about 10c per share. Therefore we believe that 10c per share is a fair value for each share represented by certificates of participation as of Aug. 18, 1935.

Hall Switch & Signal Company. Incorporated in Maine in 1912, and was acquired by the Union Switch & Signal Company of Swissvale, Pa. The latter company was acquired by the Westinghouse Air Brake Company. The Union Switch & Signal Company of Swissvale, Pa., informed us as follows on Nov. 11, 1940: "Your letter of Oct. 23rd, addressed to the Westinghouse Air Brake Company, has been referred to us. In this connection we would advise that the stock of the Hall Switch & Signal Company is not exchangeable for stock of our company. In 1925 we purchased certain assets of the Hall Switch & Signal Company, and have been advised that shortly thereafter an offer was made for the common stock, but that this offer was open for only a limited period. We have also been advised that shortly after the sale of the assets mentioned above, the Hall Switch & Signal Company was dissolved. We regret that we cannot furnish you with any other information in this matter, but trust the above will serve your purposes." C/D of J. S. Bache & Co., 36 Wall Street, New York City, should be presented to them for collection.

Hambleton Corporation. We received the following letter from G. E. Gorsuch of Stein Bros. & Boyce, 6 S. Calvert St., Baltimore, Md., dated Dec. 16, 1938: "In reply to your letter of Dec. 14 concerning Hambleton Corporation, we are able to report as follows: From records which we have been able to obtain, there existed in 1932 two companies of similar name, one Hambleton & Company, the other Hambleton Corporation. Receivers were appointed July 7, 1932, for both of these concerns. Upon investigation, the Internal Revenue Department determined that the common shares of Hambleton & Company were worthless in 1932. However, there seems to be some difference of opinion concerning the Hambleton Corporation which requires some explanation. Originally shares of the Hambleton Corporation were sold in units of one share of preferred stock and one share of common stock at $65 for the unit. Upon appointment of Receivers as of July 7, 1932, it was stated that in their opinion based upon investigations made and presented to the court that the common stock would have no liquidating value. The preferred stock, however, has paid liquidating dividends of $24.06, the last payment being made on June 5, 1937, in the amount of $1.06. In a letter addressed to shareholders on July 7, 1937, Receivers stated that upon application to the court they had been relieved of their duties since there was practically nothing left but worthless securities in the corporate estate and that unless by remote chance Hambleton & Company estate could be further liquidated, there would be no other distributions. Thus since the preferred stock did not liquidate at its full value, there was never any distribution made on the common. As for income tax purposes the preferred stock apparently was deductible in 1937 although there is some question concerning the common stock, namely, whether it should have been deducted in 1932 as a part of the original unit upon the statement of the Receivers that there would be no liquidation available for that class, or whether the entire unit consisting of one share of preferred and one share common, should be taken off in 1937. We were not able to get this definitely cleared up at the local office of the Internal Revenue Department. We trust the information which we have furnished may be of some assistance to you. In the event that this is not wholly satisfactory, we would suggest that you address your inquiry to Mr. Edwin W. Poe, Mortgage Guarantee Co., Baltimore, Md."

Hande, William R., System Woman's Posture & Figure Mold Association. Recorded in Philadelphia, Pa. Marguerite E. Ringold, Trustee of Woman's Posture & Figure Mold Association of America, William R. Hande, Director, 1715 Chestnut Street, Phila., Pa., informed us as follows on Nov. 13, 1941: "The Association—A Voluntary Cooperative Trust—is still in existence. Upon the death of Mr. Hande, the Trustee, I was appointed Director and Trustee. The Certificates of Participation which your client holds have not paid dividends since 1931. But to holders of these certificates there still is given the discount on purchases of merchandise, 10% for each block of ten shares. It has only been possible for the business to pay operating expenses during these past lean years. And that because of the careful management by Mr. Hande and the cooperation of the customers. I hope to continue the splendid work Mr. Hande was doing and expect to someday make the Association the profitable investment it once was."

Harmony Land Company. Incorporated in Penna. and is located at 506 Merchant St., Ambridge, Pa., in care of the Valley Realty Company. C. Roy Kerr, Treas. of the Harmony Land Company, and also connected with the Valley Realty Company, at the above-mentioned address, informed us as follows on Mar. 21, 1942: "Your letter of Mar. 19th, in re: Stock of Harmony Land Company is rather incomplete in that you do not give us the number of the stock certificate or the name of the owner. We are wondering whether you might refer to Certificate No. 48, issued April 22, 1905 to Edwin M. S. Young, for 50 shares of stock of the Harmony Land Company. If this is the certificate referred to, we wish to advise that during the year 1932 at a stockholders' meeting, it was determined that the authorized capital was entirely too high and the stockholders voted to exchange outstanding certificates for new stock, par value $5 instead of $50. This was done and all the stockholders who could be found have exchanged their certificates, and in the meantime there have been several dividends and while I am not sure I believe that some of these dividends have been escheated to the State of Pennsylvania by reason of the fact that the owners could not be found. I suggest that you write us further as to the particular stock you have reference to * * *."

Harvey Steel Car Company. Incorporated in Illinois and was dissolved by the Court on Jan. 19, 1901. The corporation never filed an Annual Report. Our records indicate that Metropolitan National Bank of New York City was appointed receiver for the company in 1898. The collateral securing the company's bonds was sold in 1898. The proceeds received from the sale were not sufficient to satisfy the bonds in full leaving no equity for the stock, which is without value. The Metropolitan National Bank was liquidated. Probably the Comptroller of the Currency at Washington, D. C. might know if any unclaimed funds exist.

Hayes Manufacturing Co., Detroit, Michigan. In February 1935, notices were sent to all holders of common stock, advising them that the liquidation of the company would not produce enough to allow any payment to common stockholders. Late in 1925 the preferred stockholders received 30c on the dollar, and were informed that a final distribution would be made at such time as the receivers were able to sell the remaining real estate. Collect from Herbert P. Carrow, 2440 Buhl Bldg., Detroit, Michigan.

Helena Power & Light Company. Succeeded by Helena Light & Traction Company. The property was sold at foreclosure sale on May 20, 1902 for $200,000. There were outstanding $600,000 of bonds that probably received about 30%, leaving no equity for the stock, which is without value.

Helena & Red Mountain R. R. Succeeded by Northern Pacific R. R. We believe cash and securities were paid for old securities.

Holding Corporation of Trail Properties. Mr. Howard Reid, 63 Wall St., New York City, informed us as follows on Feb. 6, 1941. Through inadvertence I have not sooner answered the inquiry you made of the Gipsy Trail Club about one share of stock of the Holding Corporation of Trail Properties in the Estate of Frank M. Firor. In 1935 the Holding Corporation of Trail Properties was reorganized under proceedings carried on in the United States District Court for the Southern District of New York. Paragraph 9 of the plan of reorganization read as follows: "Each holder of capital stock of the Holding Corporation of Trail Properties shall be privileged, but not required, to purchase, at $75 each per share, one share of Preferred Stock of the Properties Corporation at any time within nine months after the confirmation of this plan of reorganization by the court." The share you referred to, therefore, ceased to have any value several years ago. You may be interested in knowing that no holder of such stock exercised the right provided for in Paragraph 9.

Homestead Loan & Trust Company (Chicago, Ill., 1898). The Chicago Public Library, Chicago, Ill., informed us as follows on Nov. 26, 1941:

The Chicago City Directory for 1895 and 1896 list the Homestead Guaranty Co., 140 Dearborn Street, and give Emerson B. Tuttle as the president, and Thomas Hudson as the secretary.

The Chicago City Directory for 1897 lists the "Homestead Loan and Trust Co., Dearborn, SW corner of Washington" and gives the officers as above. The same directory gives the "Homestead Bldg. & Loan Association of Oak Park, 131 South LaSalle St., A. P. Blackstone, Secretary."

The Chicago City Directory for 1898 and 1899 list the Homestead Bldg. & Loan Co., and the address as above. Emerson B. Tuttle is also listed as president of the Security Title and Trust Company, 107 Washington Street.

The Bldg. & Loan Dept., of the State of Illinois, informed us as follows on Dec. 3, 1941:

We have no record in this office to show that the Homestead Loan and Trust Company of Chicago was ever incorporated as a building and loan association in this state. We have also checked the records of the Secretary of State and we find no record there of the incorporation of this company which leads us to believe that this must have been an independently owned company, not organized under the laws of this state. We are unable, therefore, to advise you of the present value of any stock in this company owned by your client.

The Homestead Building and Loan Association of Oak Park was organized in this state on April 21, 1888 as a state-chartered building and loan association and dissolved on Dec. 16, 1902. Any shares of this association which any client of yours should hold have no value.

Houston & Texas Central Railway Company. Mr. J. A. Simpson, Treasurer, of the Southern Pacific Company, located at 165 Broadway, New York City, informed us on April 26, 1933, that the stock of this company is worthless. However, the Southern Pacific Company has placed a nuisance value on the stock. We collected $2.50 per share on some stock we presented about the above date. The funds for the First Mortgage Main Line and Western Division bonds are probably held by the Central Hanover Bank and Trust Company, New York City.

Idaho Irrigation Company, Ltd. Adj. Mtge. 6% Bond due 1928. Regarding the above company our records indicate that under date of Dec. 31, 1927, the Idaho Irrigation Co., Ltd. advised the Equitable Trust Co. of New York, Trustees under the above mortgage, that it had no funds available with which to pay the principal or any part of the interest due on the above bonds. Interest on bonds of this issue prior to Jan. 1, 1928 was payable only as declared by the company, the last interest declared payable being that represented by coupons of Series 6 and 7 declared payable July 1, 1919. The property subject to the lien of the above mentioned mortgage was sold by The Equitable Trust Co. of New York and Lyman Rhoades, as Trustees under the

Vol.

said mortgage, on Sept. 14, 1928, pursuant to Section 5 (a) of Article Seven of said mortgage, to Mr. Murray Brookman for $4,000, which was merely a nominal bid, the real consideration being an agreement of the Adjustment Committee to liquidate the property purchased by Mr. Brookman in their behalf and to apply the proceeds after paying expenses toward the payment of the bonds. Mr. Brookman was acting on behalf of the Adjustment Committee, the members of which were appointed by the mortgage itself as the representatives of the bondholders. It is our understanding that the property which was subject to the lien of the mortgage can be best liquidated by carrying on the process of liquidation instituted by the mortgagor company, i. e. by making sales of lands and water rights to settlers, and by collecting the purchase price of the various lands and water rights previously sold and to be sold over a period of years. This is the plan of the Committee, and Mr. Brookman, who has had a great deal of experience with irrigation projects of this kind, will act as their agent in carrying out the proposed liquidation. In other words, the situation now is that the Committee has been substituted for the company and the Trustees as the agency by means of which the property will be liquidated for the bondholders. We are, of course, unable to say when a sufficient sum will have been collected by the Committee to warrant distribution on the bonds, but it will not be for some time, because there are expenses of the sale and counsel fees for services rendered to the Trustee over a long priod of years which will have to be paid first. We are unable to advise you regarding the value of the above described bonds, due to the fact that there has been no market for these bonds for some considerable time. For any further information we suggest that you write to Mr. R. B. Marchant, 37 Wall St., N. Y. C., Treasurer of the Idaho Irrigation Co., Ltd. and one of the members of the Adjustment Committee. (1936).

Illinois, State of, Auditor of Public Accounts, Banking Dept., Springfield, Illinois. The following was confirmed in January, 1942:

GREAT LAKES TRUST COMPANY, Chicago, Ill.. The State of Illinois, Auditor of Public Accounts, Banking Department, Springfield, Ill., informed us on Jan. 7, 1942, that certain funds are held by their department representing undisturbed dividends to certain stockholders of the Great Lakes Trust Company. If you will advise the above department the nature of your claim the matter will be given their attention.

Illinois, State of, Department of Insurance, Springfield, Ill. Our records indicate the following:

GREAT WESTERN FIRE INSURANCE COMPANY. The Department of Insurance, Springfield, Ill., informed us as follows on Feb. 28, 1941: The Great Western Fire Insurance Company was consolidated with Marquette National Fire Insurance Company, effective July 15, 1925, under the name of Marquette National Fire Insurance Company. This latter company was placed in the hands of Receiver on Apr. 29, 1927. The Receiver was discharged on June 7, 1934 and a decree entered by Judge William J. Lindsey, in the Superior Court of Cook County on June 27, 1934, declaring the charter null and void. We are attaching hereto a report made of the Receivership as of Dec. 31, 1933, concerning the above company. Marquette National Fire Insurance Company—All assets converted to cash with three liquidating dividends of 15%, 10% and 2.9%, respectively, distributed to general creditors pursuant to orders of Court, the total amount of same being $263,181.20, plus $12,498.89 distributed to preferred creditors. The estate is being held open only for the purpose of permitting further opportunity for distributees to present dividend checks still outstanding for payment—anticipate discharge of Receiver and closing of the estate within the next few months.

Illinois Surety Company, Chicago, Ill. The Departpartment of Insurance of the State of Illinois at Springfield, Illinois, informed us on May 29, 1940, that this company passed into receivership in April, 1916 under an order of Superior Court of Cook Co., Case Number 321884. The final account and report was approved and all assets were distributed and receiver discharged on May 3, 1940. It would appear that as all of the assets have been distributed there are no funds available for the stock, which is without value.

Indiana Flooring Company. The New York Trust Company, New York City, sent us the following circular letter sent out by the Bondholders Committee, dated Dec. 9, 1936. Further information should be requested from Beekman, Bogue, Leake, Stephens & Black, 15 Broad St., New York City. "This letter is sent to all holders of Certificates of Deposit for the above mentioned bonds (First Mortgage 6½% Fifteen Year Sinking Fund Gold Bonds under Bondholders Agreement dated as of Jan. 2, 1929) bringing to date the information contained in a letter dated Nov. 1, 1935, similarly sent to holders of Certificates of Deposit. As you have been informed, the principal asset of the bondholders is the entire capital stock of Indiflor Realty Corporation, which corporation owns free from encumbrances the property situated at Rider Ave. and 137th St., Bronx, N. Y. This property has an assessed value of $60,000. On May 7th, of this year, your committee received from the Trustee-in-Bankruptcy of Indiana Flooring Company the sum of $6,215.61 as the final dividend of 2 18/100ths%. There are now bank deposits to the account of your Bondholder's Committee and Indiflor Realty Corp. in the sums of $13,777.17 and $647.52 respectively. The undersigned committee plans to continue holding the real estate until an advantageous offer can be secured. In the meantime, in order to take care of overhead expenses, we have leased three of the four buildings on the property under leases, with cancellation clauses, for a total of $2,700 annually. During the last year, due to the increased income from rent and the savings on the salary of a watchman, who was no longer needed after the premises had been rented, your committee realized a small profit on the property. Prior to last year overhead expenses had amounted to several thousand dollars annually in excess of any income. We understand that there have been several recent condemnation proceedings in the Rider Ave. vicinity in order to secure property for a wider approach to the new Tri-Borough Bridge. It is felt by your committee that this situation should increase the chances for a sale of your property in the future." The First 6½% Bonds due 1940 have a decree value of $148.82 per $1,000 bond. Irving Trust Co. resigned as Trustee 9/12/29. The Bank of America, N. A., New York, N. Y., appointed substituted Trustee. See City Bank Farmers Trust Co., N. Y. C.

We received the following letter addressed to Holders of Bonds and Stocks of the above company, from J. A. Van Osdol, successor to Arthur W. Brady, Receiver of Union Traction Co. of Indiana, 603 Citizens Bank Bldg., Anderson, Ind., dated July 19, 1937: "This communication is in answer to numerous inquiries from time to time received from the holders of some of the securities issued by Union Traction Co. of Indiana and some of its underlying or constituent companies. All of the property of Union Traction Co. of Indiana was sold by Arthur W. Brady, its Receiver, under Judgment and decree of the Madison Circuit Court, Indiana, in the case of Westinghouse Electric and Manufacturing Co. vs. Union Traction Co. of Indiana, et al., being Consolidated Civil Cause No. 7202 in said Court. In that action said Receiver petitioned the Court for an order determining the amount, interest and priority of the mortgages and other liens upon assets and property of said Union Traction Co. of Indiana and for an order directing the sale by said Receiver of all the assets and property of said traction company.

"In that action the various underlying and/or constituent companies of said Union Traction Co. of Indiana appeared and answered as to their respective liens and claims against the property and assets of said Union Traction Co. of Indiana, among which were The Indianapolis, New Castle & Eastern Traction Co., The Muncie-Hartford & Fort Wayne Railway Co., The Indianapolis Northern Traction Co., Indiana Northern Traction Co., Muncie and Union City Traction Co. and The Muncie & Portland Traction Co. In this action, said Court, on the 6th day of June, 1930, rendered its judgment fixing the amount and priorities of the several claims therein asserted, and ordered the sale by said Receiver of all of the assets and property of said receivership and ordered the distribution of the proceeds of said sale to the payment and discharge of the obligations, as found and adjudged in said decree. Said property was on the 2nd day of July, 1930, sold by said Receiver, who proceeded to make distribution of the proceeds of said sale as in said judgment and decree provided.

"Said Receiver deposited with the Indiana Trust Co. at Indianapolis, Ind., certain of the proceeds of said sale to be applied to the payment of certain Mortgage Bonds and coupons issued by certain of said underlying or constituent companies, and which had not been before said deposit presented to said Receiver for redemption. Before completing distribution of the proceeds of said sale, certain claims known as 'tort claims' arising out of the operation of said railroad before the appointment of said Receiver and which had been filed in said receivership, were by the lower Court adjudged to be junior to the mortgage indebtedness of said Union Traction Company of Indiana and/or its underlying or constituent companies. From this judgment of the Madison Circuit Court an appeal was taken and it was by the Supreme Court of Indiana, in the case of McCullough, et al., reported in 206 Indiana, 585 (186 N. E. 300), reversed and said tort claims were held to be a superior lien to that of the General Mortgage Bonds of said Union Traction Company of Indiana and/or its constituent companies.

"After said sale, the said Arthur W. Brady departed this life and the undersigned was appointed successor Receiver for the purpose only of protecting the receivership against numerous claims and actions for damage then pending and undetermined, included in which class of claims were the so-called 'tort claims' referred to in said Supreme Court decision. After the rendition of said decision by the Supreme Court, the undersigned, as Successor Receiver, notified said Indiana Trust Company to make no further distribution of the cash remaining in its hands and previously deposited there by the said Brady, which funds, by the order and judgment of the Madison Circuit Court were by said Indiana Trust Co. turned back to this Successor Receiver to be held and administered by him in the due administration of his receivership. The aggregate of the tort claims so adjudged is greatly in excess of any funds remaining in the hands of this Successor Receiver. From the foregoing it appears quite obvious that while the judgment of the Supreme Court of Indiana in said cause remains unchanged the bonds and stock of said Union Traction Company of Indiana and its underlying and/or constituent companies, not heretofore redeemed, are of no value."

VAN CAMP PACKING CO. 6% Bonds due 1948 have a decree value of $13.50 per $1,000 bond. Deposited bonds received 35c per $100 bond. 8% Bond due 1941 reported to have value. Unstamped bonds should be presented to the Indiana Trust Co., Indianapolis, Ind., for collection.

Industrial Securities Co. Incorporated under the laws of the State of Delaware in 1914, and acquired for itself a very questionable reputation. Its various enterprises were never known to have been a financial success for its stockholders. Among the companies promoted by this company, headed by C. R. Cole, were Drymond, Smith Company, Mutual Electric Company and the Perfection Tire & Rubber Company, none of which, we understand, were a financial success. The Industrial Securities Company developed an "indemnity bond" for protection of investors against loss on purchases of securities from this concern, which was issued with each sale of stock, as a carefully drawn up guarantee which called for the repurchase of the stock at a given time at double the price at which it was sold. Thousands of such guarantees were put in the hands of the public who placed their faith in them as an assurance not only against loss of their capital but an insurance of double profit. In promoting these schemes Cole employed all the tricks of the get-rich-quick promoters. In Jan., 1920, the company was thrown into receivership. This action was taken, we understand, to forestall the collecting of more than $500,000 on indemnity bonds maturing on Dec. 31, 1919, given by the company with promotion stock which it sold. The bill set forth that on June 30 and Dec. 31, 1919, $2,000,000 more of similar bonds were to mature and it was said if these were enforced, stock of the company would be worthless. Bill also alleged that indemnity bonds were invalid. The company finally failed and C. R. Cole took himself to Texas, where he told his former stockholders, in voluminous circulars, his great expectations of recouping his fallen enterprises and restore to them the wealth he had explicity promised as a certainty but in order to accomplish this he would need some more financial assistance. It is hoped that there were no more guillible stockholders left to respond to this appeal. There is no doubt that both the stock and indemnity bonds are without value at the present time. Company's charter was declared void on Jan. 23, 1922, on account of taxes being unpaid for two years.

International Steam Pump Company. The Worthington Pump & Machinery Corporation, Harrison, N. J., informed us as follows on October 1, 1941:

Replying to your letter of September 26, we believe the stock of International Steam Pump Company has no present value.

That company was placed in receivership in 1914 and dissolved in 1915 and its assets were sold at receivers' sale in 1916. Our understanding is that shareholders of the International Steam Pump Company who did not deposit stock and pay assessments had no further interest and that their stock became worthless because of the dissolution of the company.

International Steel Corporation. Value of 15 shares of No Par Value Capital Stock. Incorporated under the laws of the State of Delaware on April 17, 1929, and is no longer in existence, having become inoperative and void on April 1, 1932. The last report filed in 1930 states that the last known address of the company was 347 Madison Ave., New York City. I found no value to the stock and therefore believe the shares were worthless as of Jan. 22, 1940, the date of the decedent's death.

Interstate Mortgage Corporation. Incorporated in N. J. on Jan. 28, 1928, and was located at 39 E. Palisade Ave., Englewood, N. J. The corporation lost its charter on Jan. 19, 1933. William Conklin, 24 N. Dean St., Englewood, N. J., informed us that all of the company's assets were pledged with a bank to secure a note. The bank closed. When the note was not paid, the Banking Commissioner applied for a Receiver for the company. The Receiver sold the assets and not enough was realized to satisfy the note in full, leaving no equity for the stock.

Inter-Urban Coach Company. The Secretary of State of New Jersey, located at Trenton, N. J., informed us that the above company was incorporated on Feb. 28, 1924, and forfeited its charter on Jan. 13, 1931. The principal office of the company was located at 1102 Wilson Bldg., Camden, N. J., and Clifford A. Baldwin was the agent. Clifford A. Baldwin, an attorney, located at Camden, N. J., informed us on Jan. 29, 1941, as follows: "So far as I can recall the corporate affairs, however, this company died somewhat of a natural death, without any assets, and I find by reference to the statute book for the year 1931 that the corporation was dissolved by proclamation of the Governor of the State of New Jersey on Jan. 13, 1931, by reason of its corporate franchise tax for the year 1928 remaining unpaid. It is my opinion, therefore, that any stock of the company which might have been issued has no value and that so far as the status of the company is concerned, it is defunct."

BROOKLYN FERRY COMPANY. The Irving Trust Company of New York City informed us as follows on Nov. 12, 1937: "Your letter of Nov. 9th concerns a Certificate of Deposit issued by Knickerbocker Trust Co. (one of our former names) for First Consolidated Mortgage 5% Bonds of the Brooklyn Ferry Co. Our recent records show that the Consolidated Mortgage was foreclosed and the property purchased by depositing Consolidated Mortgage bondholders, subject to a First Mortgage of $1,000,000. Title of the property was taken in the name of the New York Terminal Co. In 1917 the First Mortgage became due and was foreclosed. The proceeds derived from the sale were sufficient only to pay a small amount on the First Mortgage Bonds. It therefore appears that the Certificates of Deposit representing First Consolidated Mortgage 5% Gold Bonds are without value."

BRUNSWICK CONSTRUCTION CO. The First Consolidated Mortgage 4½% Bonds due 1923 have a decree value of $323.99 per $1,000 bond, representing two payments. Collect on unstamped bonds from the Irving Trust Company, New York City.

GEORGIA COAST & PIEDMONT RAILROAD. First Mortgage 5% S. F. Bonds due 1962 have a decree value of $30.35 per $1,000 deposited bond, and $83.067 per $1,000 undeposited bond, payable at the Irving Trust Co., New York City. The mortgage securing the First Mortgage 5% Bonds due 1946 was foreclosed about 1919 and all but $1,000 principal amount of these bonds were located and decretal payments made thereon. The Guaranty Trust Co. of New York City informed us in 1935 that the Judge of the U. S. District Court for the Southern District of Georgia, Eastern Division, before whom the foreclosure proceedings were held, ordered the publication of the notice requiring bondholders to file their claims before a specified date or be forever barred. This notice ran for a considerable time and at the expiration of the time given, the Court ordered the funds distributed. There are now no funds available for any unstamped bonds, which are without value.

HUDSON RIVER ELECTRIC POWER CO. The property of this company was foreclosed, and the proceeds realized from the sale were sufficient to pay $274.66 on each $1,000 First Mortgage 5% Bond dated 1904, with 8/1/08 and subsequent coupons attached. Court order 5/3/12. Additional distribution $75.20 per $1,000 bond. Court order 3/7/13. Unstamped bonds should be presented to the Irving Trust Co., New York City, for collection. The first distribution of capital assets to stockholders was made about May 8, 1926, as follows: Each holder of Landover Class "A" Stock received for each share of said stock one share of common stock of the Willys-Overland Company. This distribution was made by the Irving Trust Company, New York City, and stamped accordingly. Ainsworth Parker, Receiver, at 1904 First National Bank Bldg., Baltimore, Md. It is our opinion that the first and second distributions are being made by the Receiver at the present time. If you have not received any of the distribution, we advise you to send your stock direct to the Receiver, and if the Irving Trust Company is making the other distributions the stock can then be presented to them.

LIBBY'S HOTEL CORP. The First 7% Bonds due 1926-36 are worth par. Present to the Irving Trust Company, New York City, for collection.

These notes were secured by a deposit of First Mortgage 5% Gold Bonds due Feb. 1, 1932. The amount recoverable on the First Mortgage Bonds was equal to about $18.77 per $1,000 bond, payable at the United States District Court for the Eastern District of Virginia, Norfolk, Va. TOLEDO & OHIO CENTRAL EXTENSION R.R. Value of First Gen. Mortgage 5% Bonds due 1911. The New York Central System, located at 466 Lexington Ave., New York City, informed us as follows on April 19, 1940: "Pursuant to an old agreement with the holders of The Toledo & Ohio Central Extension Railroad Company 5% First Mortgage Bonds due Nov. 1, 1938, Nos. 1 to 300, inclusive. The Toledo & Ohio Central Railway Company, whose properties were subsequently leased to The New York Central Railroad Company has (conditioned upon coupons appertaining to 256 of such bonds being presented), purchased said coupons as they became due, at the rate of $15 each, but neither the Toledo & Ohio Central nor its lessee is in any way responsible for the principal, and the said bonds are not an obligation of either company. From available information we find that the properties of the Toledo & Ohio Central Extension Railroad Company were sold under proceedings to foreclose its mortgages and in 1900 were conveyed to the Marietta, Columbus and Cleveland Railroad Company. In 1916 such properties were again sold at Judicial sale and were bid in in the interest of the Black Diamond Coal Company, which company conveyed that part of the road from Palos to the Black Diamond Mine (Lathrop, Ohio), some sixteen miles to Federal Valley Railway Company. The rest of the road was dismantled. We are not aware of any distribution and know of no source from which the holders of the bond described above could expect to realize anything on the principal at maturity." The Irving Trust Co., N. Y. C., informed us that funds held by them are only payable to holders of Nov. 1, 1893, coupons which had a lien on the mortgaged property superior to the lien of the bonds in accordance with Foreclosure Decree dated March 9, 1900. 1st Paymt. $19.33 for each $25 coupon. Final Paymt. $2.43 for each $25 coupon. **Total, $21.76.**

Jarvis Conklin Mortgage Trust Company. Organized in Missouri and carried on an extensive business in western mortgages. On Nov. 1, 1886, the company entered into the following arrangement—The Mercantile Trust Company of New York, now the Bankers Trust Company, was made Trustee for $1,325,000 of Debenture Bonds, secured by $1,328,279 of mortgage and notes. On Jan. 1, 1899, the New England Safe Deposit Company of Missouri, was made Trustee for $1,991,212 of Debentures, secured by $2,145,200 of mortgages and notes. The Boston Safe Deposit & Trust Company of Mass., was made Trustee for $310,000 of Debenture Bonds, secured by $311,621 of notes and mortgages. The New England Safe Deposit Company was made Trustee for another issue of $886,775 of bonds, secured by $880,000 of notes and mortgages. The Law Guarantee & Trust Co., of Great Britain, was made Trustee for $896,000 of bonds. Mr. B. Alfred Tryer of Winslow, Cheshire, Eng., was made Trustee for $1,939,393 of bonds secured by $1,943,260 of notes and mortgages. When the company defaulted on the various notes and mortgages, receivers were appointed on Sept. 28, 1893. The schedule filed on May 31, 1895. showed an indebtedness of $8,383,449.64 and contingent liabilities of $10,506,895. The collateral held by the various Trustees was sold for the benefit of the Debenture Bonds and several payments were made thereon. We received the following letter from Mr. W. C. Meyers, Asst. Secy. of the Bankers Trust Company of New York City, dated Feb. 3, 1938: "Bankers Trust Company is successor by merger to The Mercantile Trust Company, Trustee for the Debentures of the above mentioned Mortgage Company. As you are no doubt aware a great part of the records of The Mercantile Trust Company was destroyed by fire in Jan. 1912, and the information which we have in our files at the present time is meager. It appears that the Debentures were originally issued against deposit of not less than the face amount of real estate mortgage and other securities. It further appears that the company defaulted on the interest payment due Sept. 1, 1893, and thereafter. On Sept. 28, 1893, Samuel M. Jarvis of Kansas City, Mo., and Roland R. Conklin, of New York, were appointed Receivers by the United States Circuit Court for the Second Judicial District, Southern District of New York. In the Commercial and Financial Chronicle for June 30, 1894, we find that The Mercantile Trust Company arranged to sell the notes pledged under Series A, B, C, D, E, F, G, I, J, K, L, N, P, and Q on July 19, 1894. The Chronicle for July 21, 1894, further states that these notes were sold for 40% of their face value to Henry W. Cannon, Chairman of the Reorganization Committee, which had 99% of the Debentures on deposit. A letter in our files dated Dec. 7, 1897, indicates that the majority of the Debentures had come into the possession of the North American Trust Co., although this letter does not state in what capacity these Debentures were held. The letter indicates that the latter mentioned company held $1,274,800 principal amount of Debentures and that $51,000 principal amount were outstanding in the hands of the public. A cancelled $500 Debenture Bond Series N, dated March 1, 1888, due March 1, 1898, with interest at 6% which is in our possession bears the following: (1) The sum of $41.75 being a dividend of .0835% has been paid hereon from the general assets of the Jarvis Conklin Mortgage Trust Co., pursuant to decree of U. S. Circuit Court of the Southern District of New York, filed March 2, 1897. Roland R. Conklin and Joseph C. Willets, Receivers. (2) Default having been made on the within Debenture and the securities therein mentioned having been sold and the proceeds of such sale together with all money in the possession of the Trustee applicable thereto having been applied to the payment of said Debenture, the owner and holder of such Deben-

ture hereby acknowledges receipt of a dividend of 49.749% of the par value of such Debenture and releases the Trustee from all liability thereon and authorizes the cancellation of this certificate. (Signature of bondholder.) A cancelled $100 bond of Series Q, dated Sept. 1, 1888, due Sept. 1, 1898, which is in our possession bears the latter mentioned stamp, the percentage however being 47.837. At the present time, we do not hold any funds applicable either to Debentures or coupons, nor do our files contain any record of the disbursement of such funds." The Boston Safe Deposit & Trust Company of Boston, Mass., informed us on Jan. 28, 1938, that they made the following cash distributions to the bondholders in 1894 as the result of the sale of collateral held by them as Trustee, to secure the Debentures:

Series	Bonds Issued	Per. of Cash Dis.
M	$98,500	45.364%
O	92,500	42.506%
R	89,900	52.13 %
S	30,000	45.345%

We received the following letter from the Board of Trade, Companies Department, 4 Central Bldgs., Matthew Parker Street, London, S. W. 1., Eng., dated March 4, 1938: "With reference to your letter of the 26th of Jan., I am directed by the Comptroller of the Companies Dept. to inform you that no reference to any Debenture bonds of the above company appears in the accounts furnished in the liquidation of the Law Guarantee Trust and Accident Society Limited which went into voluntary liquidation on the 13th Dec. 1909, and became dissolved on the 19th March, 1923. Dividends amounting to 19/6½ on the £ were paid to the creditors in that liquidation, certain unclaimed sums being paid into the Companies Liquidation Account and it is possible that the name of the Debenture bondholders in question may figure amongst those to whose credit these amounts were paid in. I am to add that the Chief Accountant of the Supreme Court Pay office states that he is unable to trace any record of the opening of an account in the books of his office in connection with the above company."

Kane Oil of Canada, Limited. The Secretariat De La Province at Quebec, Que., informed us on May 4, 1940, that this company has not applied for surrender of its charter. However, Mr. Maurice Boisvert, advocate of Quebec, reported on Dec. 17, 1932, that said company had discontinued operations. The last report filed in 1929 showed the President as S. A. Hopkins, Cisco, Texas; V.-Pres., Adelard Deslauriers, 171 Blvd. Langelier, Que.; John Thomson, 20 Ave., Calipault, Que.; Maurice Boiswert, 80, rue St.-Pierre, Que. In view of the fact that Mr. Boisvert reported that the company had ceased operations, it would appear that the shares has no value. See Quebec Kane Oil Company.

Kelley and Wells Lumber Company, The Rookery, Chicago, Illinois. The records of the Secretary of State of Illinois contains no record of a foreign or domestic corporation of this name. It is our opinion that the corporation did not get beyond the development stage, and never did function. We found no value to the stock and therefore believe the shares are without value.

Kendall Co. Has purchased all the capital stock of Pelzer Mills, a South Carolina corporation recently organized to take over properties and carry on business of Pelzer Manufacturing Co. Assets transferred to the Pelzer Mills and capital stock of latter company sold. From proceeds a third liquidating dividend of $14 a share was paid to holders of certificates of record on Nov. 19, 1936. This makes a total of $36 paid in liquidation that year and trustees believe further distribution may possibly amount to about $4.00 per share.

Kreuger & Toll Company. (5% Secured Debentures.) It was reported around July 1938, that: The protective committee for Kreuger & Toll Co. debentures today made payments to holders of certificates of deposit which amounted to 433.70 Swedish kronor for each $1,000 deposited secured debenture. The kronor is worth about 25c. The committee made a prior distribution in Swedish currency in late June last year. This distribution amounts to about $110 in American money for each $1,000 debenture of the erstwhile holding company which the late Ivar Kreuger of Sweden rocketed to great size by financial manipulation during the 1920's. Altogether $520 has now been paid to each holder of a $1,000 deposited debenture. Otis A. Glazebrock, Jr., of G. M. P. Murphy & Co., is chairman. Lee, Higginson & Co. announced in May 1939, that holders of certificates representing participating debentures would receive a distribution of 2.35c for each American Certificate. Kroger Grocery & Baking Co., Cincinnati, Ohio. Confirmed the following to us on December 31, 1941:

KROGER GROCERY & BAKING CO., Cincinnati, Ohio. In April, 1928, and April, 1929, this company paid a 5% stock dividend on its outstanding common stock. Where full shares were not due the stockholder, fractional scrip certificates for the amount due were issued on the basis of 1/20th of 1 share for each share held. According to the terms under which these scrip certificates were issued, the company was to sell on the New York Stock Exchange on Dec. 31, 1928, and again on Dec. 31, 1929, a sufficient number of shares as was represented by the fractional scrip certificates still outstanding, and the company was to set up a reserve to pay for the scrip certificates in cash as they were presented. These scrip certificates did not show the name of the stockholder, and could have been exchanged for full shares at any time up to Dec. 31st of the year in which they were issued. As of March 22, 1938, there were 43 certificates, representing 281 fractions outstanding of the 1928 scrip. For each 1/20th of one share there is set up on the company's records an amount of $5.733. Of the 1929 scrip there were 600 certificates outstanding as of the above date, representing 3,490 fractions. Each 1/20th of one share of this scrip is worth $2.16. The difference in the price shown between the 1928 and 1929 scrip certificates is of course due to the difference in the market price of the stock on Dec. 31, 1928 and Dec. 31, 1929. You will note by the above figures that the company has set up a reserve in excess of $9,000 to redeem these scrip certificates. The certificates are payable at the offices of the company, located at 35 East 7th st., Cincinnati Ohio, attention of Mr. F. M. Grieme, Asst. Treas.

Lake George Real Estate Company. Our records indicate that this company paid $12,000 for some land at Lake George, and built a club house, now called the Lake George Club, for $68,000. In 1910 the property was subject to a mortgage of $6,000. On Jan. 21, 1927, the First National Bank of Lake George reported that the stock was worth about $45.75 per share. The same bank referred us at this time to the Secretary, Mr. Martin L. C. Wilmarth, of Glen Falls, N. Y. Mr. Wilmarth, located at 15 Ridge St., Glen Falls, N. Y., informed us as follows on Oct. 23, 1940: "We have your letter of Oct. 18th, requesting information regarding the value of Founder's Stock in the Lake George Real Estate Company. Personally, I believe that the stock has absolutely no value, although the Lake George Club has recently purchased some small blocks of the stock for, I believe, $3.00 per share. I would suggest that you contact Mr. C. Everett Bacon, c/o Spencer Trask & Company, 25 Broad St., New York City. Mr. Bacon is President of the Lake George Club and will give you any information you desire."

Lexington Consolidated Mines Company. Incorporated in Colorado on June 24, 1924. The last known address was Idaho Springs, Colorado. The company listed in 1930, 12 claims (one patented), about 180 acres at Idaho Springs, Clear Creek County, Colo. The Tax Assessor of Clear Creek County, Georgetown, Colorado, informed us on December 16, 1941, that two mining claims with improvements are assessed to this company. The taxes have not been paid since 1936. We understand that the company was not properly financed. It is only a question of time before the property will be sold for taxes. We do not hold any hope for the stock. However, we suggest that you keep in touch with the Tax Assessor to protect your stock.

Likly Luggage, Incorporated. Incorporated in Delaware on May 24, 1928, to acquire Henry Likly & Co., of Rochester, N. Y. The company had offices at Fitchburg, Mass., and 522 Fifth Ave., New York City. The company did not file any further reports after 1928, and apparently went out of business in 1929 because the company lost its charter on April 1, 1931. J. Wolf Teitel, Pres., New York City; Robert F. Dunphrey, Secy., Fitchburg, Mass.; Wm. A. Zimmerman, Treas., Newton, Mass. Letters addressed to the above officers have all been returned. We found no value to the stock and therefore believe the shares are without value.

Liquid Gold Oil Company. The State of Montana informed us as follows on April 11, 1940: The records of this office show that Liquid Gold Oil Company is still in existence as a corporation of the State of Montana, as it was incorporated on Sept. 29, 1930, for forty years and no dissolution of the corporation has been filed in this office to date. However, the last report filed in this office by the corporation, which was for the year ended Dec. 31, 1935, contains the following statement: "This company is insolvent and has ceased to voluntarily incur financial obligations and has ceased to be a going concern. The reason more directors have not signed this statement is because their whereabouts are unknown to the within signers. There was no report filed earlier in the year 1936 because statements were filed for the two years previous thereto showing the said company was insolvent and had ceased to incur financial obligations and had ceased to transact any business. The reason said company has ceased corporate activities is because the stockholders have lost interest, the corporation has no property, and the well that was drilled was dry." The officers listed on the above-mentioned report are: Paul W. Smith, Pres.; David R. Smith, Secy.-Treas., both of Helena, Mont.

Lockwood Manufacturing Company, South Norwalk, Conn. Hadfield, Rothwell, Soule & Coates, Stamford, Conn., informed us as follows on Mar. 11, 1940: "For your information would advise that the merchandise, machinery and equipment of The Lockwood Manufacturing Company was sold to The Independent Lock Company, who moved same to their Fitchburg, Mass., plant in 1935. Subsequent thereto, The Lockwood Manufacturing Company has been in liquidation and the following liquidating dividends have been paid: 1—June 17, 1935, $1.00 per share; 2—Jan. 24, 1936, $.50 per share; 3—Feb. 2, 1937, $.60 per share; 4—Jan. 2, 1940, $1.80 per share. There will be another dividend paid this month in the amount of 10 cents per share, which leaves nothing remaining from which dividends may be paid except a few old accounts receivable upon which the collectibility is estimated to be nil. There have been no sales of stock for a number of years and trust that the above information will enable you to establish a value thereon as of the dates requested."

Lower Merion Water Company. We received the following letter from Mr. Russell J. Brownbeck, Special Master, Peoples National Bank Bldg., Norristown, Pa., dated Dec. 22, 1937. "This will acknowledge receipt of your letter of Dec. 21st, enclosing No. 228—$1,000 6% Gold Bond of the Lower Merion Water Company, due Sept. 1, 1917, with Coupons No. 4 to 60, inclusive attached, wherein you advise me that you have been requested to collect the amount due thereon by Mr. Nevin J. Loos, the original owner, whose address is 49 W. Church St., Bethlehem Pa. I am referee in the Equity proceedings of Tradesmen's National Bank & Trust Co., successors, etc., Trustee, versus Lower Merion Water Company, et al, being No. 8 of April Term, 1927 and my duty is to determine upon the proper distribution of the balance shown by the Trustee in its account among the persons entitled thereto, who, in the main, are bondholders. On June 15, 1937, the Court of Common Pleas of Montgomery County, sitting in Equity, entered a Decree

Vol.

from which I quote 'that Aug. 6, 1937 is hereby fixed as a time for hearing claims against the fund for distribution, provided that if claims are not presented at that time they shall be forever barred from participating in the fund for distribution. On Aug. 2, 1937, the Court entered a further decree fixing Sept. 10, 1937, the date for proving claims and providing that those then not proved should be forever barred from participating in the fund for distribution.' I feel that it is my duty to advise you that in my opinion Mr. Nevin J. Loos cannot participate in the fund for distribution under the decrees as they now exist. Of course, I cannot change a Decree of Court. I would therefore advise that if he seeks to participate in this fund, he should employ Counsel in Montgomery County and make proper application to the Court, with the thought in mind of having the decree in some way so modified as to permit him to participate. Of course, I have no knowledge as to what action the Court would take upon such application. However, I shall consider this bond as deposited and retain the same for the present with the other bonds deposited by the bondholders." On Apr. 27, 1938, Mr. Kirke Bryan, of Norristown, informed us that $156.27 was the net amount recovered on the $1,000 bond.

Magnetic Iron Ore Company. Incorporated in New York State on March 24, 1883, and its charter expired by limitation on March 24, 1933. The Liquidating Trustees of the Magnetic Iron Ore Company, located at Room 904-A, 663 Main Avenue, Passaic, New Jersey, informed us as follows on October 17, 1941: "With reference to your inquiry of September 30th, the lease of the old Benson Mines property to the Benson Mines Company was terminated when that company joined the Magnetic Iron Ore Company in selling the property to the Eastern Steel Company about 1922. Benson Mines Company received 40% of the First Mortgage bonds of the Eastern Steel Company as its share of the proceeds of the sale, and the Magnetic Iron Ore Company received 60%. When Eastern Steel Company failed a few years later, the mortgage was foreclosed and title to the property reverted 60% to the Magnetic Iron Ore Company in the form of 60 shares of stock of the Benson Iron Company, which was formed to take title to the property, and 40%, or 40 shares, went to the stockholders of the Benson Mines Company. We believe that the 40 shares of Benson Iron Company stock was distributed to the Benson Mines Company stockholders pro rata without calling in the old Benson Mines Company certificates which had no further value."

Please consult our 1941 mining book for property owned by the Benson Iron Company. It is our recollection that the Benson Iron Company has again started operations. The above report seems incomplete as to the value of the assets of the Magnetic Iron Ore Company, whose sole asset seems to be stock of the Benson Iron Company. We suggest that you direct a letter to the Magnetic Iron Ore Company in Passaic to ascertain if you are entitled to stock of the Benson Iron Company.

Manufacturers' Bank, Troy, N. Y. The Banking Department of the State of New York, informed us on June 16, 1941, that this bank was converted to The Manufacturers National Bank of Troy, under date of Jan. 16, 1865. The Manufacturers National Bank of Troy, N. Y., informed us as follows on June 21, 1941:

Our records show that the Manufacturers Bank of Troy was formerly incorporated on April 22, 1852, with a capital stock of 4,000 shares, at $50 each. While we have no definite records to that effect, we understand that that bank was discontinued on Jan. 3, 1865. We have no idea why these particular shares are outstanding, as we know nothing about the retirement of the old stock of the Manufacturers Bank and no funds were left in escrow with the new Manufacturers National Bank, which was organized in 1865, for the redemption of any outstanding stock of the old state bank. Possibly these certificates were mislaid and could not be turned in. We do not even know whether there was any distribution to the other shareholders.

Except for a collector's item, we do not believe that these shares have any value whatsoever. Possibly a search of the records in the office of the Secretary of State may reveal more of the story, as we have told you all we know about the situation.

Marconi Wireless Telegraph Company of America. The $5.00 par stock received 1 share of common stock and 1/10 share of Preferred stock of Radio Corporation of America. Now equal to 1 share of RCA common stock and $5.50 in cash for redemption price of 1/10 share of RCA Preferred stock. The Class "A" stock received 5 shares of RCA Common for each share. The assets of this company were sold many years ago to Radio Corporation of America. RCA stock was issued in exchange for Marconi stock. Certificates exchanged for RCA stock were stamped and returned to stockholders, merely represent an interest in the reserved assets of the company, which consist principally of claims against the United States Government for infringement of patents. These claims are being prosecuted in the Court of Claims, but we are unable to say when they will be settled or what amounts will be received in settlement thereof. Therefore, we submit only a nominal value for the stamped shares at this time. Transfer Agent, Corporation Trust Co., 120 Broadway, N. Y. C. (12/30/41.)

LEVEL CLUB, INC. Incorporated in Jan., 1920, as a club and owned properties at 253-267 W. 73rd St., New York City. Funded debt: 1st Mortgage 6's 42, $2,223,800. Int. and Prin. default; 2nd Mortgage 6's 31, $550,000; Debenture 6's 44, $1,406,513. The property was sold at foreclosure sale on May 18th, 1931, and purchased by the bondholders' committee. The sale was held to satisfy a judgment of $2,379,510 obtained by Marine Midland Trust Company as Trustee for the First Mortgage Bonds. Back taxes amounted to $212,000. It is reasonable to assume that there were not sufficient funds to pay off the back taxes and satisfy the first mortgage, leaving no equity for the second mortgage and debenture bonds, which are without value. Mr. Alexander Rosenbaum, an attorney, at 10 E. 40th St., New York City, and former vice pres. of the company confirmed the above on Dec. 2, 1932, to the effect that the debenture bonds had no equity after the sale and are without value.

Maryland Coal Company of W. Va. Mr. David Williamson, Trustee, of Wendel, W. Va., reported as follows on June 24, 1941: "The Maryland Coal Company of West Virginia was adjudicated a bankrupt May 15, 1940, and I was elected Trustee in Bankruptcy by the creditors at a general meeting in Elkins, W. Va., on June 18, 1940. The property of the Maryland Coal Company of West Virginia was sold, at a bankruptcy sale, on Sept. 16, 1940, to Mr. Gordon E. Bailey for $37,500. I was ordered by the Court to make distribution of the money and the Court costs for Mr. A. Spates Brady, Operating Trustee, amounted to $27,294.80. My court costs as trustee in bankruptcy, amounted to $5,751.28, leaving a balance of $4,453.92. There remains wage claims and some other expense, that have been incurred since the sale of the property, and when these are taken care of, in my opinion there will be no funds available for the debenture holders or stockholders.

Minas Del Plomo S. A. Stock (Lead Mines, Inc.). The General Director of Mines & Petroleum at Mexico City, Mexico, informed us on Nov. 18, 1941, that this company is not recorded in the public register of mining, which is filed in the general directory of Mines and Petroleum of this Secretary's office. No one knows that any activities have been developed in this country, because there are no manifestations of production. For the first reason, we do not have the date you desire to know. It would be very difficult to prove when the shares became worthless for the reason that there was never any record of activity. We have a copy of the Directorio Alfabetico De Companias Mineras for 1936-1937 of the Secretaria De La Economia Nacional, and find no record of the company under Sonora, Mex. It would seem therefore that the company was not properly financed and never did get beyond the "Interim Certificate" stage. We do not believe that any loss could be taken on the stock at this late date.

Minneapolis, St. Paul & Sault Ste. Marie Ry. Co. Minneapolis, Mar. 19 (A.P.)—A plan for the reorganization of the Soo Line Railway, which would terminate the bankruptcy of the 3,224 mile road dating back to Dec. 31, 1937, was filed today with the Interstate Commerce Commission in Washington and the United States District Court here. The plan was filed by G. W. Webster and Joseph Chapman, Trus. of the Minneapolis, St. Paul & Sault Ste. Marie Railway Company since July 1, 1938. The proposal would reduce the amount of obligations bearing the fixed interest by $120,052,033, and cut the annual fixed interest charges from $6,577,907 to $322,065. Capital structure of the new company would consist of $2,663,829 of present equipment obligations to be assumed by the new company; $8,051,631 of 4% First Mortgage Bonds; $20,129,076 of 4% General Mortgage Bonds, and 719,319 shares of no par common stock. The proposal contains a traffic agreement to assume continuance of traffic between the new company and the Canadian Pacific Railway, under which the latter would have the right to purchase 25% of the stock of the new company allotted to others at $2 per share. General creditors and stockholders of the new company are not afforded any participation in the reorganization plan. A voting trust would be created under the plan, into which all of the stock of the new company will be placed until Dec. 31, 1950. Of the five voting trustees to be selected, two will be selected by the insurance companies and savings banks included in the groups holding Soo Line bonds and three by the Canadian Pacific Railway.

Mobile & Ohio Railroad. Mobile, Ala., Aug. 1, 1940 (A.P.).—Properties of the bankrupt Mobile & Ohio Railroad were sold today at public auction for $13,411,915, with all but $15 going to the bondholders' reorganization committee of the road. The committee is to convey the property to the smaller Gulf, Mobile & Northern Railroad, after which the two roads are to be merged into a 2,007-mile major trunk line to be known as the Gulf, Mobile & Ohio. Virtually all the bidding was by E. D. Scruggs of New York, representing the bondholders' committee. The sale is subject to approval by the United States District Court. Mr. Scruggs bought in all properties with the exception of certain contracts existing between the Mobile & Ohio and the Gulf Terminal Company, operators of the Mobile Union Station and properties of the Mobile & Bay Shore Railroad, a freight line between Mobile and the Alabama coast. Nicholas Stallworth, attorney for the First National Bank of Mobile, trustee under the Bay Shore mortgages, bought the interests in the Bay Shore line in 3 sections at $5.00 each. After the hearing on Aug. 22 before Federal Judge Robert T. Ervin, what railroad men described as the first large railroad consolidation since 1934 should be completed quickly. I. B. Tigrett of Jackson, Tenn., is slated to head the new Gulf, Mobile & Ohio, which will start business with a funded debt of $31,870,000 and annual charges of $1,399,920, about half the two roads' present fixed charges. There will be an additional $6,025,800 of 5% Bonds paying interest only if earned. Dividends on the 305,750 shares of $5 preferred stock are on a similar basis. Holders of 609,847 shares of common stock will be paid dividends only if earnings exceed payments on the preferred issues. The Southern Railway has owned 94% of the M. & O.'s common stock, which the merger wipes out. The Southern will get 93 cents on the dollar for $7,839,000 of M. & O. bonds. In May the G., M. & N. borrowed $7,500,000 from the Reconstruction Finance Corporation to pay off the Southern and will borrow another $2,000,000 to pay additional expenses of the merger. Last year the G., M. & N. had a net profit of $427,388 and the M. & O. lost $440,924.

Model Poultry Company (New York). Mr. V. L. Cyphers, Treasurer, of the Buffalo Incubator Company, located at 1 to 33 Bradley St., Buffalo, N. Y., informed us as follows on Dec. 18, 1941: "Replying to your letter addressed to Mr. Chas. A. Cyphers (President of Model Poultry Company), we beg to tell you that Mr. Cyphers passed to his well-earned rest on Aug. 15, 1939. The Model Poultry Company was organized and operated by Mr. Cyphers and for two years was outstandingly successful, demonstrating his contention that poultry is a big-time business. Developments beyond his control ruined the project—the panic of 1907 practically stopped all installment payments on the stock of the company—and in his efforts to save the farm Mr. Cyphers sacrificed his personally owned Model Incubator Company and the Model Milling Company, and was himself left penniless. Model Poultry Co. was closed out in the Bankruptcy Court about 1908 or 1909, and the stock is of no value."

Moline Plow Company. Incorporated in Illinois in 1870 and reorganized as the Minneapolis-Moline Implement Company. The Chancery Court of Richmond, Va., ordered the following liquidating payments to be paid on the debenture bonds and first preferred stock. First Payment 17%; Second Payment 6%; Third Payment 3%; Final Payment 1.49% plus stock of the Moline Implement Co. or the equivalent of $50 per share. The Trustees were: Frank C. Wetmore; Arthur Reynolds; Jos. E. Brunt, Jr., and C. E. Mitchell. We received the following letter from W. C. Rich, secretary of the Minneapolis Moline Power Implement Co., Minneapolis, Minn., dated Jan. 3, 1939: "We acknowledge receipt of your letter of Dec. 29, inquiring about the former Moline Plow Company and the present value of its stock. While we are not familiar with the affairs of the former Moline Plow Company, we are reliably informed that Moline Plow Company, Inc., a Virginia corporation, was dissolved in liquidation proceedings in Virginia in the year 1925 and securities senior to the second preferred stock participations received less than 50 cents on the dollar so the second preferred stock of that company and securities junior thereto are valuless."

CANADIAN PUGET SOUND LUMBER COMPANY, Victoria, B. C. The Canadian Puget Sound Lumber & Timber Co., Ltd., located at Box 635, Victoria, B. C., informed us as follows on Jan. 9, 1941: "Answering your letter of the 4th, we are sorry we are unable to give you any information as to the value of the shares of this company. Very few have been changing hands, and wherever they have, understand it is at a very low figure. This company, as you know, has not been operating its mill since 1930. In fact, the mill has been dismantled. Besides, we have lost some of our timber, due to inability to pay the taxes. However, we have been able to hang onto some of the timber, some of which is being logged now. With reference to the 6% bond, we wish to state that in 1932 the bondholders, at a meeting called for that purpose, agreed to exchange the bonds for preference shares, so that the bond referred to should be forwarded, either to us or to the Montreal Trust Co., Vancouver, to be exchanged. There will be no cost for this exchange. Before the share certificates can be transferred, however, the following will be required: 1. Certified copy of Will. 2. Probate Certificate. 3. Resolution showing authority of signing officers. 4. Statement showing that Succession Duties in this Province have been paid or security given to the Minister of Finance for their payment. The necessary forms can be procured from the Assessor and Collector of Probate and Succession Duties, Parliament Buildings, Victoria, B. C. There will also be a charge of 50c for transfer of each certificate."

INTERNATIONAL HOLDING & INVESTMENT CO., LTD. On April 4, 1938, shareholders approved the sale of the company's assets to International Holdings, Ltd. One share of International Holdings, Ltd., will be distributed for each five shares of old stocks held, plus ten cents per share in Canadian funds. Exchange made at Montreal Trust Co., Montreal, Que.

ST. LAWRENCE PULP & LUMBER CORPORATION. The Montreal Trust Com-

Montreal Trust Co. (cont.) pany, Montreal, Que., informed us as follows on Dec. 11, 1936:

We acknowledge receipt of your letter of the 9th instant in connection with a Certificate of Deposit issued in respect of St. Lawrence Pulp & Lumber Corporation Bonds. The funds in our hands now being distributed represent the amount received by us from the Liquidator, being the net proceeds of sale of the assets as well as certain moneys previously held by us on account of the Sinking Fund and also proceeds of sale of certain property prior to the liquidation. The amount held by us and available for distribution was $13,970.00 and this amount is being distributed at the rate of $6.35 in respect of each $1,000 of the $2,200,000 Bonds outstanding.

With regard to the distribution of these moneys, we were advised by counsel that payment of the amount distributable in respect of each bond should be made only on presentation by the Bondholders of the relative Bonds for endorsement of a notation showing the payment. No payment is being made on Certificates of Deposit.

Motzorongo Company. Incorporated in Ariz. and according to the 1940 report, A. M. Turner, Pine Tree Inn, Windemere, Fla., is Treas. of the company. Mr. Turner informed us as follows on Nov. 11, 1940: "Your letter of the 1st inst., inquiring as to the status of The Motzorongo Company and the value of its capital stock has just arrived. The said company was engaged from 1902 in operating a sugar factory and a sugar cane plantation at Motzorongo, State of Veracruz, Mexico. In 1927 the company was forced to discontinue active operations. Starting in 1923, the Government of Mexico made extensive expropriations of the arable lands of Haciendo Motzorongo, distributing said lands among hundreds of its own citizens. So-called Agrarian Bonds were offered in payment for lands expropriated. As we were advised by our own Department of State that any attempt to settle agrarian claims directly with Mexico would effectively prevent the U. S. Government from later taking such action, we made no application for such Agrarian Bonds, which in any event we regarded as of little value. In Oct., 1938, while I was in Washington, I learned that our State Department was then engaged in a discussion with Mexico in respect to American Agrarian Claims. The outcome was an agreement between Mexico and the United States, in which Mexico undertook to pay the fair value of the lands expropriated, formerly owned by Americans and to pay not less than $1,000,000 annually until the full amount had been paid. Mexico has paid $2,000,000 to date and the next installment will become due May 31, 1941. Our claim was prepared and filed with the U. S. Department of State on Mar. 1, 1939, and thereafter transmitted to the Joint Agrarian Claims Commission at Mexico City. It was expected that the said commission would complete its work by May, 1940, but extensions of time have been granted. In the event that this company receives an award of the value set up in the claim, and thereafter Mexico pays the said amount, it is my opinion that, after payment of $215,000 First Mortgage Bonds with interest from July 1, 1927, of some $103,000 of promissory notes plus accrued interest, and some smaller indebtedness, besides expenses, legal and otherwise, of preparing and prosecuting the claim, there should still be a considerable sum for distribution on the outstanding capital stock. Conclusion of this claim matter will mean the liquidation of the company, therefore all items of debt must first be paid before any liquidating dividend may be declared. The stock had no actual market value since 1927. At best, I doubt if more than 35% recovery can be expected on the stock. I regret to feel obliged to state this view, because I am far the largest holder of the stock."

Mud Lake Irrigation District. Organized in Idaho to acquire a water system for irrigation, located near the lands of the American Falls Reservoir district, in Upper Snake Valley, Jefferson Co., Idaho. Owing to the granting of an injunction to land owners by the District Court enjoining officers of the district from collecting taxes July 1, 1925, interest coupons remain unpaid. The last interest was paid by the County Treasurer at Rigby, Idaho. The district is not operating and no one is living on the land. It would appear that because of the injunction the Mud Lake Irrigation District just ceased to exist. The only claim the bonds had was on taxes and that has been denied to the bondholders.

Mud Lake Irrigation District (Idaho). The First Security Bank of Idaho, Idaho Falls, Idaho, informed us as follows on March 14, 1942:

"Replying to your letter of February 18th in which you made some inquiry regarding a $1,000.00 Mud Lake Irrigation District Water Improvement 6% Bond, First Issue, Ninth Series, dated July 1, 1924, Due July 1, 1943. We have delayed in answering your letter due to the fact that we were trying to get some information before making a reply. We made inquiry from a source we consider reliable and received the following answer:

"In my opinion the above bonds have no value, the lands embraced by the project having been sold for taxes several years ago. The pumping plant was also sold to satisfy a mortgage, and dismantled two years ago."
